Customer Reviews

If you only have 3 days to spend in Berlin, this book is a great guide to make the most out of such a small amount of time to see this historic city. The author does a really good job with detailing where you should go and the best places to eat. The book is based on their travels, so it has some great insider tips. It's a thorough guide that gives you all the information you need: best times to go, the weather, how to get around, etc. Definitely a must-read for anyone traveling to Berlin for only 3 days!

Trip guides by this author is really always spot on, though I'm not going anytime soon to Berlin due to reasons time and funds, ahahaha, but given the opportunity will jump immediately on the next plane out. Guide as expected is really well planned as Berlin is really a great city, rich in culture and history, I already have this City in my bucket list of places to visit, so reading a travel guide early to plan is truly a good idea, knowing City transportation system and sights to visit is valuable information and this book provides these.

This book is just so helpful! I like to travel a lot whenever I get an opportunity and it is great to know about foreign culture, popular tourist spots, different dishes and drinks, festivals, amazing beaches and much more. I find this book terrific because it includes fun facts about the country which provides information that will surely come in handy during travel and this is what I am looking for. I learned much about the place and now I know where my next destination would be. A great travel inspiration.

Berlin has always been a destination I wanted to go but didn't know anything about it. The author gives everything you have to know about Berlin such as where to eat, what to do, where to shop and much more. I really recommend this book to everyone who has planned to fly to Berlin

I read this whole thing in 15 minutes on my Kindle. I am not sure it was the most helpful guide but it gave a little food for thought. It was inexpensive enough.
