The Rough Guide To London (Rough Guides)

Synopsis

The Rough Guide to London is the ultimate travel guide to one of the world's most exciting cities. With full color throughout and dozens of photos to illustrate London's great buildings, iconic landmarks, and distinctive neighborhoods, this updated guidebook will show you the best the city has to offer, from Big Ben, the London Eye, and Olympic Park to markets and museums, gourmet restaurants, and hidden pubs. London has something for everyone – art galleries and shopping arcades, spacious parks and grand palaces – and The Rough Guide to London uncovers it all. Detailed color maps for each neighborhood, plus a tube map and practical information on all the essentials, make getting around easy. With chapters dedicated to the best hotels, restaurants and cafés, pubs and bars, live music and clubs, shops, theater, kids' activities, and more, you'll be sure to make the most of your time in this city with The Rough Guide to London.

Series Overview: For more than thirty years, adventurous travelers have turned to Rough Guides for up-to-date and intuitive information from expert authors. With opinionated and lively writing, honest reviews, and a strong cultural background, Rough Guides travel books bring more than 200 destinations to life. Visit RoughGuides.com to learn more.

Customer Reviews

Since I was a little girl I've always wanted to go to London and Now since I'm a grown woman, I can finally make that happen. So I decided to get a guide book that will help me plan my dream trip, that hopefully I will be taking in the next few years. I looked for many weeks to find the right book and I

hesitated for a couple of days before I hit the buy button, but I'm very happy I found this Rough Guide book. This book is very informative of Landmarks, Attractions, and Museum that you can visit in London. Gives you maps of the Metro, bus lines, and of course London. I love that it has all the pricing and also tells you if the tickets are cheaper to get online. I recommended this to anyone that is needing the jump start in planning your trip to London but if you are going to any other countries you should pick one of the many Rough Guide books that are out there!

The Rough Guides set the industry standard. This volume is as good as expected. We are using it to start planning a trip with two tween granddaughters.

Excellent, used it on my trip. Very helpful.

The Rough Guide to Anywhere (this time London) always emerges as our favorite. We enjoy its comprehensive entries for each area of a city - far more coverage than most guides give. The maps are good, and they enable us to construct our own walking path. Often the selection of restaurants, cafes, pubs is not only more complete than other guides but it also contains a range of prices and options. Rough Guides are well written, interesting, very informative. The only downside for those of us who like to travel light is that they are a bit heavier than some others. But that is because of all the information they contain.
