DC/Dark Horse: Aliens

Synopsis

Thirty years ago, James Cameron's *Aliens* introduced the world to a new kind of terror. Now, the stories that first brought the Aliens into the DC Universe are back in a horrifying collection! Following the trail of a missing person from Gotham City, Batman travels to the jungle where he first discovers the horror of the Aliens—but how can the Dark Knight stop them? A few years later, an Alien is discovered in a Gotham City construction site, and it's going to wreak havoc on Arkham Asylum! Thinking the terrifying menace gone, Batman discovers a colony of the relentless killing machines and the unstoppable race of hunters called Predators that have been hidden away on Earth for centuries. With both unearthly menaces poised to overtake the world, only the Dark Knight and Superman can stop them! Finally, the Alien terrors are aboard the Stormwatch space station, and it's up to the WildC.A.T.s to save the survivors, but can even the WildC.A.T.s win a battle with the Aliens when Stormwatch has already fallen? Collects BATMAN/ALIENS #1-2, BATMAN/ALIENS II #1-3, SUPERMAN/BATMAN VS. ALIENS/PREDATOR #1-2, WILDC.A.T.S/ALIENS #1.

Ron Marz is an American comic books writer, who has worked with every major publisher in his near 20 year career. Marz is best known for his run on GREEN LANTERN, including the epic storyling Emerald Twilight. He has also written ION, TALES OF THE SINESTRO CORPS and

BATMAN/ALIENS for DC Comics, as well as Witchblade and Cyberforce for Top Cow Comics.

A great blend of two of comic-dom's most powerful franchises . The story is fast paced and yet suspenseful with perfect art. And even a peak at some Predators as a bonus! A natural blend of the story arcs. What a great movie this would make! All I can say is "Let's do it again"!!!!!!!

The superman/Batman portion was horribly written, but the rest was OK. The Dark horse stuff seems over priced for what you get.

My husband was very happy to have received this, being a fan of both of batman and aliens. It came in perfect condition!

Worth purchasing for Berni Wrightson's art alone! The second series was almost as good. I hope we can get full volumes of DC\Dark Horse Predator & Terminator as well.

The book is a collection of the Batman vs Aliens comic books. There's nothing in them that is amazing and award winning, but it does provide good fun entertainment. Definitely worth a read if you're a fan of Batman and the Aliens series.

These were great stories. Can't wait for the next series of these and hope they keep coming. Wonder Woman and her 's fighting aliens would be good reading.

Great read now Please do a re-print of Batman Vs Predator !

Very cool concept.
