Customer Reviews

Borch, a cartographic publishing company from Germany, makes tough, long-lasting maps with non-toxic, environmentally responsible lamination material.

Borch Maps in my opinion are the best out there as they have the popular spots marked on the map and are laminated so that you can mark them up yourself and then wipe them clean when you are done. Love them.

There is really no way to effectively map Tokyo; I have tried several maps by publishers I've normally praised for their maps of many other cities -- especially Borch -- but Tokyo defies them all.

This is an adequate general map of Tokyo, with major tourist spots and neighborhoods clearly marked. It is on sturdy laminated paper. However if you need more detail on streets, rail station

exits, the subway system, etc., I highly recommend the Getting Around Tokyo Pocket Atlas.

It helped.
