Saudi Arabia Quick Guide For Expats

Synopsis

A book for anyone thinking of or about to head for work in Saudi Arabia. Taken from the perspective of an Expat, the book covers absolute basics to more complicated cultural nuances. Saudi Arabia Quick Guide for Expats will add to your existing knowledge and fill a few gaps with nuggets of information. I can safely assume you have a vested interest to read a book about Saudi Arabia. Maybe you are moving, for work purposes, or you already have. Maybe someone in your family is about to go or is there now. For what ever reason, I hope there are a few insights which can be useful to you. Think of three things that you immediately know of Saudi Arabia. I can guess that you thought of one of these; Sun, Sand or Oil. Hopefully by the end of the book, you can add a few more to the list!

Customer Reviews

Excellent! Absolutely everything you would need to know! And written in a light, funny style!

This is really a worthless book, and a waste of money. His random thoughts and advice on working in Saudi Arabia. Terrible lay out - many pages are just half filled with text. It was like he took his notebook of not so useful thoughts and printed them. I really felt ripped off. This is not a book. I had to immediately try to find something more useful - try Culture Smart Essential Guide to Customs and Culture Saudi Arabia. Much more useful - someone actually worked on this one
