The Seven Songs: Book 2 (Merlin)

Synopsis

Merlin has brought hope to Fincayra, the enchanted isle that lies between earth and sky. But Fincayra is still in great danger—and its first victim is Merlin's mother. Merlin's only hope to save her is to master the Seven Songs of Wisdom, but to do that he must defeat an ogre whose merest glance could mean death.

The merlin saga is SO RAD! I read these years ago when I was but a youngster, and my brother is the same age as I was so I bought this and the other books for him and hes hooked. Great buy as a gift, or if you like Harry Potter type stories!

Read the series once before back in middle school. Never finished it so I decided to start again.

Light enough for a child but exciting enough to entertain, especially if you enjoy mythology.

In all honesty I never really liked to read but my first deployment I found one of TAB books and it sucked me in so much I own a few of them now and I started reading these ones for this deployment and just like the others they are great can't wait to read the rest

This series is not just for kids.....or it is for the kid still living in adults. These books have changed my life. TA Barron is an amazing story teller and clearly has real esoteric knowledge that he is weaving into his tale of Merlin. These books will kindle the flames of imagination and wonder for the magic that lives in this world and is born out of our hearts. Do yourself a favor and enjoy them!

Excellent book really keeps you engaged and wondering whats going to happen next.

One of my favorite series of all time. T.A. Barron fills in the gap in the history of the great wizard. How did Merlin gain his powers? What was his childhood like? The series stands the test of time, I discovered the series as a young boy, and revisited as an adult in my twenties. I enjoyed it just as much as I did as when I was a child. Anyone who enjoys science fiction/fantasy will love this book, I guarantee it.

My son loves these books. Had to read book 1 for 7 th grade summer reading and is making his way through the rest now.

Fantastic series. As a teacher I read the first book as a class activity and it opens up who Merlin is as a young person. Barron does well with story development and keeps the reader off balance enough to keep you reading and interested.
