## Customer Reviews

Praise for Owl Diaries #1: "Appealing visuals (the text and art are set against the lined pages of Eva's diary), punny dialogue, a few pratfalls, and Eva's unflagging enthusiasm make for lively reading." -- Publishers Weekly "This early chapter book is a nice step between first readers and series such as Barbara Parks's 'Junie B. Jones' and Mary Pope Osborne's 'Magic Tree House.'" -- School Library Journal "The colorful, adorable illustrations will be irresistible to young readers. The simple text interspersed with speech bubble dialogue will engage beginning and intermediate readers alike. This appealing chapter book will be a nice addition to a library's young reader

section." -- Library Media Connection

My daughter has never been the most avid reader but she got one of these from school and read it in one day to which she got the next in the series and when I seen it on her Christmas list I asked her why get them if she already read them she said she wanted her on set to rereadIt's good for kids who aren't really interested in reading because it doesn't follow a normal reading pattern in paragraphs it's full of vibrant colors and small spurts of text

I ordered these for my 7-year-old daughter who is starting to get really into chapter books. Her teacher has a couple of books in this series that she was always bringing home, so I figured it would be easier to just order them. She was thrilled! They were delivered two days later in perfect condition. I even ordered the next book which is being released in late May.

My 8 year old really enjoyed reading these on his own. With themes about friends and school the books are of universal interest, and have attractive pictures.

Brought this set for my 6 yrs old daughter. She LOVES them very much. She doesn't read much since her vocabulary is not enough to support her level of interests. Thanks God I found this set to amuse her and keeps her reading them again and again. She's never read a book such quickly so she finished the whole set in 2 days! The stories are just right for her level and the illustration are interesting too.

My seven-year-old daughter and I LOVED these books. The characters and stories are perfect for her age. We wish she would write more.

My kid loves these books.

So fun for kids just starting chapter books. I read these to my kids in one sitting. They absolutely

loved them.

These books are charming. Delightful artwork and sweet stories. I bought them for myself and for a gift.
